# TokkiEats | Final Project, Linda Dobson

## Introducation |

TokkiEats is a blog dedicated to good eats found throughout Atlanta, Georgia. It will also feature some of the author’s favorite recipes as well.

## Needs |

- ✿ A homepage that dynamically showcases the following: Slideshow of photos from blog, top blog features, about, contact us, subscribe, and social media links all on one page.
- ✿ A fresh, simple blog design that mimics the homepage design. Needs to be 2 column, left for content, right for about & cateogory list

## Solution |

- ✿ Build website with HTML & CSS
- ✿ Add slideshow for “welcome” section using Javascript/Jquery
- ✿ Add Subscribe form
- ✿ Add Instagram feed
- ✿ Add Social media links
- ✿ Build homepage and blog
